

#InnovatingCities

21 March 2019 | 14:00-17:30
European Parliament
Room ASP 3E2

EU Research and Innovation for Cities of the Future

European Parliament

European
Commission

The URBAN Intergroup of the **European Parliament** and the **European Commission, DG Research and Innovation** are jointly organising an event to show¹ how EU Research and Innovation actions are driving Sustainable Urban Development to address major urban challenges. The event will take place on **21 March**, at the European Parliament from 14:30h to 17:30h (preceded by a welcome coffee), in the room ASP 3E2.

It seeks to **mobilise R&I communities, the Members of the European Parliament, City Leaders and policy makers, academia, private sector, industry, innovation firms, NGOs, civil society, European Institutions representatives and UN agencies.**

The objectives of the event are to:

- Present the main highlights of the draft **High-Level Expert Group**² report on “**Innovating Cities**” and invite participants for comments;
- Inform the participants on the substantial contribution by EU funded³ Research and Innovation projects/initiatives/actions to knowledge base and innovative solutions for sustainable cities;
- Support knowledge transfer towards sustainable urban transition, tapping into the existing EU funding instruments.

¹ Through the different themes of the Seventh EU Framework Programme for Research and Technological Development (FP7), the EU has invested approximately EUR 1.9 billion on research addressing urban and cities relevant challenges and issues. Horizon 2020, the EU’s current research and innovation (R&I) programme for the period 2014-2020 continues investing on urban relevant R&I with a further EUR 3.1 billion.

² The Commission High Level Expert Group on Innovating Cities was inaugurated on 12 June 2018. The mandate of this Group is to deliver a vision report to help the European Commission, DG Research and Innovation to formulate its future priorities for the R&I for cities.

³ EU R&I investments (in the framework of FP7 and Horizon2020)

Participants will have the opportunity to interact during the welcome coffee at 14:00h in the premises of the European Parliament.

The event is structured around 3 sessions, including inspirational talks, panel discussions and representative case studies from Horizon 2020 ongoing demonstration projects.

This event will also set the scene for the main Cities event that will be held during the European Research and Innovation days in September 2019.

Thursday 21 March 2019
